ALUMINIUM

Outlet Type

THREADED

Body Type

N/A

Flow Rate

10.70 l/s

Grating Type

ANTI-VORTEX DOME

Load Rating

N/A

Threaded Joint Instructions

Apply Low Modulus Silicone to the thread of the pipe spigot & female thread within the roof outlet body. Using a flat spreading utensil, evenly spread the silicone into the threaded grooves. Insert the male into the female thread of the roof outlet body then carefully turn clockwise ensuring the thread is not "cross threading". Once fully tightened clean off excess silicone to both ends of the threaded connection.
