

Name

MuckStopper Yellow 450mm High-Visibility Inspection Chamber Cover

Code

MS-IC-TC-450-Y

Description

A reusable, high-visibility temporary protection unit designed for use with 450mm inspection chambers. Supplied with a durable yellow cover and integrated frame, featuring a checklist sticker to support site inspections and system identification. High-visibility design prevents damage, improves safety and keeps chambers protected from debris.

Suitable for use with 450mm inspection chambers from all major drainage brands.
