

Name

MuckStopper Blue 450mm Stormwater Inspection Chamber Cover

Code

MS-IC-TC-450-B

Description

A reusable, high-visibility temporary protection unit designed for use with 450mm inspection chambers for stormwater drainage systems. Supplied with a durable blue cover and integrated frame, featuring a checklist sticker to support site inspections and system identification. Blue colour coding makes identification easy and protects 450mm chambers during works.

Suitable for use with 450mm inspection chambers from all major drainage brands.
